8	NYLON NUT M8,BLACK	16
9	NYLON NUT M6,BLACK	20
10	SWIVEL CASTOR WITHOUT BRAKE	2
11	BOTTOM TRAY	1

(1) ATTACHING THE UPRIGHT SUPPORTS TO TRAYS AND SIDE HANDLE

1. Locate the bottom tray (11 - with additional castor holes).
2. Ensure the 4 upright supports (2) are correct way up (see drawing) and place the hooked sections onto the bottom tray. Loosely attach them with the bolts (5) and nuts (9).
3. Fit the top tray (1) into the slots on the upright supports (loosen the lower bolts more if required).
4. The handle (3) can be placed into the lower or upper mounting holes either side of the trolley. Use the longer bolts (4) and nuts (9) to install the handle.
5. Fit the remaining nuts and bolts to the top tray and uprights, Square up the unit and tighten all securely.

(2) ATTACHING THE CASTORS

1. Lay the cart down on its back. Use the packaging material to protect the paint finish.
2. Mount both swivel castors with brake (6) on the same side of the cart as the handle.
3. Attach each castor using 4 bolts (7) and nuts (8) per castor.
4. Return the cart to its upright position.

MAINTENANCE

Castors should be lubricated periodically.(See Halford's lubricant range). Hardware (nuts, bolts , screws) should be tightened periodically to maintain trouble free operation.
