

**Important Safety Notice
PRODUCT RECALL****Apollo Starfighter 16" wheel bicycle
(Item Code - 314986)**

We have identified a potential safety concern with the foam darts supplied as part of the above bicycle. The foam dart gun with the bicycle includes four foam darts. Some of the suction cup tips of these foam darts are not securely glued to the darts. These could present a choking hazard to children. There are no safety issues with the bicycle or the dart gun.

As a precautionary measure and to ensure customer safety, we are recalling this product.

We are also recalling the packs of 12 replacement Apollo Starfighter Foam Darts (Item Code - 324514), as they are similarly affected with poorly glued suction cup tips.

If you have purchased an Apollo Starfighter and/or the replacement foam darts, please immediately stop your child playing with the yellow foam darts with red suction cups. They must be destroyed, by cutting them into small pieces using scissors and disposing of them. This Halfords store will have a supply of alternative foam darts from Saturday 8th June, which have securely attached tips without suction cups. We will happily provide you with four replacement darts if you explain that you have been affected by this product recall. No proof of purchase will be necessary.

Our initial stock of alternative darts is limited and we cannot immediately replace all twelve darts for any customer who has bought one of the additional packs of darts. Any additional yellow foam darts with red suction cups must also be immediately destroyed. If you had purchased one of these additional packs, please advise a store colleague who will take your details and we will contact you shortly, once full stocks of the alternative darts are available.

If you have any queries, please speak to a store colleague or call our dedicated helpline:
