Description of Product Fault and Risk:		
Routine production checks have identified that the brake disc rotor bolts have not been torqued correctly and identified that under extreme riding conditions, the disc brake rotor bolts may become loose. This could compromise the performance of the brake in the event of an accident.		
What we need you to do:		
We are asking that any customer who has brought the mentioned bikes in the time period provided, stop using the bicycle and return it to a Halfords store for a full safety check of the brake disc rotor bolts, no receipt is required.		
Customer Service information:		
Customer Care Line : Call us on 0330 135 9779 Monday to Friday: 08:00 to 18:00 Saturday: 08:00 to 18:00 Sunday: 09:00 to 17:00		
We sincerely apologise for any inconvenience caused. However, the safety and confidence of our customers combined with quality of our products is at the heart of everything we do.
